55. SEA QUEST WETSUITS

Sea Quest wetsuits are being redesigned. Come in and see our new product guide for more information.

56. DEEP SEE WETSUITS

Deep See makes high quality and economical wetsuits in children's sizes, 2mm, 3mm, 5.75mm and 6.5mm thicknesses.

57. BARE WET AND DRY SUITES

This line has unbeatable pricing and quality. For dry suits we offer Trilam ATR HD, Trilam ATR Light, Nex-Gen, Pro Dry and Supra Dry. For wetsuits we offer the Sport Combo, the Supra Farmer John/Jane, a 7 mm hooded extreme full suit, a 7mm no-zip extreme, a 5mm full suit, shorties, rush and attack styles, and styles for children.

58. SCUBA PRO WETSUITS

You have options galore with Scuba Pro wetsuits. Choose from the S-TEX or Trade Wind systems, shorties, jackets, hooded vests, arctic suits, tropical suits, steamers and farmer johns. From 5mm to 7mm, Scuba Pro wetsuits have you covered.

Method Marine Dive Lines

The Dive Centre at Method Marine has a large selection of high quality, innovative, up to date and affordable dive gear. We carry many different lines of dive gear including Scuba Pro, Aqua-Lung, US Divers, Seaquest, Deep-sea, Princeton Tec, Oceanic, Opus Ocean, Cressi-sub, National Divers, Suunto, Bare Sportswear and Whites Manufacturing. We have taken special care to listen to what you, the customer, are interested in, and then put it into our stock, selected from the manufacturer that offers the best item for the best price. If there is something that you need that we don't stock, we can order it from our extensive list of suppliers.

1. AQUA-LUNG ACCESSORIES

Aqua-Lung makes excellent quality diving accessories. From dive saver kits and log books to the rugged and durable equipment bags and mesh back packs, Aqua Lung accessories are made to last.

2. DEEP SEE ACCESSORIES

DeepSee manufactures some of the best gear bags, backpacks and luggage on the market today. Their goodie bag is one of the best, allowing divers to collect things with little drag.

3. NATIONAL DIVERS

National Divers has the most extensive line of accessories in the industry. From bumper stickers and dive flags to bulk dive belt webbing, o-rings, zipper wax and dive suit deodorant.

4. OPUS OCEAN

Opus Ocean is Scuba Pro's high quality, versatile line of small accessories. From hose protectors and retainers to carabineers and retractors, Opus Ocean has the accessories you need to make your dive safer and more comfortable.

5. SCUBA PRO ACCESSORIES

Scuba Pro makes larger accessories, from dive gear hangers, tank carriers and cinch tank bands to consoles for computers, marker buoys, air nozzles and blow guns. Excellent quality items from a huge name in the dive industry.

6. AQUASEAL PRODUCTS

We carry a great selection of silicone grease, neoprene cement and of course Aqua Seal itself. If your suit leaks, come on in and pick up a tube or can and keep yourself dry while diving.

50. SHERWOOD DIVE TANK

Available items from the Sherwood line include 13 and 40 cu ft. pony bottles, 80 and 100 cu ft. aluminum tanks, Sherwood K tank valves, and tank boots.

51. REDL WEIGHTS AND ACCESSORIES

Available from Redl Sports are 5 lb. blister packs of size 0 shot, perfect for pocket weight belts or no ditch pockets on BCD's.

52. SCUBA PRO WEIGHTS AND ACCESSORIES

Scuba Pro makes a variety of options for weight systems including the pocket weight belt, the XTEK weight system and the Accent weight system. Accessories include INOX metal buckles, black nylon buckles, and extra weight pockets.

53. SHERWOOD DIVE WEIGHTS

The Dive Centre carries soft yellow 3.5 lb. ankle weights, a nice alternative to the Chiclets style of ankle weights. Dive belt webbing is also available.

54. TOMCAT DIVE WEIGHTS AND ACCESSORIES

From 2½ lb. bullet leads up to 10 lb. leads, the Tomcat line has whatever weight size you need for your weight belt.

45. SUUNTO REPLACEMENT PARTS

The Dive Centre at Method Marine carries a complete inventory of Suunto replacement parts, from computer Bezels and scratch guards to batteries and o-rings.

46. AQUA LUNG SNORKELS

Aqua Lung snorkels include the Impulse 2, winner of the Industrial Design Excellence Award, with features like a splash guard, Comfo-Bite mouthpiece, patented annular valve, and self draining purge valve. Available in flex and non-flex models, this snorkel tops all other models. Also available are the Fiji children's snorkels.

47. SCUBA PRO SNORKELS

Snorkels from Scuba Pro include the Shotgun 2, with twin barrel design and elliptical barrel shape to help with hydrodynamic flow, and the Twin Valve Shotgun 2, with a self leveling system and a contoured shape to minimize drag.

48. US DIVERS SNORKELS

The US Divers snorkels are the best snorkels for the money. Featured at the Method Marine Dive Centre is the Luxe dry snorkel, with a double splash guard on top and a purge valve below the mouth piece. Available in the flex and non-flex, in a variety of colours.

49. AQUA LUNG DIVE TANKS

We stock aluminum tanks in 80 cu ft. and 13 cu ft. sizes. The pony bottles are available in neon yellow, black and brushed aluminum. The tanks come complete with valve and Aqua Lung stickers.

7. SCUBA PRO BCD

The Scuba Pro BCD offers the best in quality and versatility. The accent BC is one of the most comfortable, front adjustable BCD's on the market. Weight integrated, patented wrap around air cell construction and dual "V" high volume pockets add to the excellent features of this BCD.

8. SEA QUEST BCD

Some of the features include adjustable bungee cords, replaceable bladder, plate-less double cylinder, and weight integration. Models include the classic, classic plus, classic sport, super-hawk, lady-hawk and the Wyland signature classic plus. Featured at the Method Marine Dive Center are the Pro QD and the Black Diamond. Some of the functions include 3 dimensional buoyancy bag, patented weight release system, folding pockets and durable 840 denier nylon. Also available are the Balance, Spectrum 3, Spectrum 4, Spectrum 1 and for women the Diva LX, Libra and Diva QD.

9. AQUA-LUNG BCD

The Aqua-Lung line of BCD's has been redesigned for 2001. Many new innovations and technologies have been incorporated into the new BCD, including a tough Cordura © Plus outer shell, puncture and tear resistance, quicker drying times, huge pockets with mesh along the bottom for easy drainage, reinforced backpack, quick release weight system (RDS) and new styling. All these new features make Aqua-Lung one of the more desired BCDs available. Lots of styles and models to choose from, for men and women.

10. SCUBA PRO FINS

Unsurpassed quality, innovation and construction. Leading this line is the twin jet fin, using a revolutionary design to deliver substantially more forward motion with significantly less kick and effort than traditional fins. Also available is the traditional jet fin, known for its durability and power. Scuba Pro also has full foot fins for superior comfort in warmer water.

11. SCUBA PRO DIVE BOOTS

Rugged non-skid sole for reef walking and shore diving, with seams placed to eliminate chaffing at the toe and heel. The 6.5mm deluxe boot features gusseted toe, heel and zipper construction. The zipper free delta short boot is available in 2.5mm and 5mm construction. Also in stock is the Delta 5mm boot with zipper, and the deck sole 5mm boot.

12. SCUBA PRO DIVE HOSES

Scuba Pro hoses are available for high pressure or low pressure, both in a variety of lengths. We also carry hoses for your BDC and dry suit, with excellent quality and durability.

13. SCUBA PRO INSTRUMENTS

All gauges are analog for reliability. Many different combinations are possible, with three different consoles to choose from. Depth gauges are available in metric or imperial, and compasses are liquid filled and feature dual readouts.

14. UWATEC

This line has many new improvements and innovations, including a new hardened nylon cover that is easily replaced without specialty tools. All computers feature backlighting. There is a free battery replacement program for some computers. This coupled with Scuba Pro's line allows for virtually any combination of instruments to suit your needs.

15. SCUBA PRO DIVE GLOVES

Scuba Pro hyper flex dive gloves are available in 3 mm and 5 mm neoprene. Hyper flex gloves feature Velcro closures at the wrist and non-slip printing on the palms and fingers.

16. US DIVERS GLOVES

US Divers offers a 5 mm Arctic Gauntlet 5-finger glove with Velcro closure. This is our best selling glove, combining high quality with affordability.

17. WHITES DIVE GLOVES

Whites Manufacturing has superior quality gloves, made on Vancouver Island. Their 5 mm gloves work well with wet or dry suits, and feature wrist gussets with Velcro-adjustable straps.

39. APEX DIVE REGULATORS

We currently stock the TX 50, one of the best performing regulators in the world. Its second stage is integrated with a venturi system and diver adjustable cracking resistance control. Apex invented the first successful "dry" environmentally sealed system, guaranteed to deliver greater reliability and performance. Also available are the TX150, TX100, TX40, T20, Nitrox-TX50 and Nitrox-TX40.

40. SCUBA PRO DIVE REGULATORS

All Scuba Pro regulators have a lifetime warranty. Second stages available include S600, S550, D400 G250, R380, R190. For octopuses we offer two choices, the R380 and R190 octopus. For first stages, Scuba Pro offers the MK 20 UL and the MK 18 ULD, the lightest first stage ever produced. Other first stages include the MK 20, MK 18, MK 16 and MK 2 plus.

41. AQUA LUNG DIVE REGULATORS

Aqua Lung regulators include the Calypso, Titan, Titan Galacia, Conshelf and for Nitrox, Ean Calypso. Octopuses include the XLC octopus, low profile octopus, Galacia octopus, Impulse octopus and the Airmic system for BCDs.

42. NATIONAL DIVERS REPLACEMENT PARTS

The National Divers line makes replacement parts of top quality, economical flat and conical regulator filters, and more.

43. AQUA LUNG REPLACEMENT PARTS

This line covers all replacement parts for Aqua Lung products, such as the legendary Comfo-bite mouth piece and regulator repair kit.

44. SCUBA PRO REPLACEMENT PARTS

Scuba Pro replacement parts include relief valve kits, flashlight bulbs, silicone mouthpieces, dry suit valves, regulator repair kits, and more.

34. CRESSI-SUB DIVE MASK

Cressi-Sub makes a legendary full face mask, very affordable, featuring large view lenses called "Big Eyes". Cressi-Sub continues to produce remarkable, innovative dive gear.

35. SCUBA PRO MASKS AND ACCESSORIES

Masks include the Fino, a low profile and volume mask with a two window design. The Micro Frame UL is ultra light, with a frameless design and extremely low volume. The Avalon uses a wide single lens design, large purge valve and nose pocket. The XQ Trivent uses a three window design and purge valve. The Focus uses a two window design with an easy to reach nose pocket. The full face mask has a separate regulator compartment, removable accessories plug and optional alternate air source adapter providing automatic air override in emergency situations.

36. SEA QUEST MASKS AND ACCESSORIES

Sea Quest offers exceptional quality masks at affordable prices. Featured in our Dive Center is the Ventura mask, single lens in a low profile design, available in a variety of colours. Also in stock are the La Paz and the Rad Jr, children's masks.

37. US DIVERS MASKS AND ACCESSORIES

The Look mask has a twin lens with exceptionally low volume. This mask can be mounted with symmetrical optical lenses. The Aqua sphere mask is lightweight with the hydrodynamic benefits of a goggle. Features include a shatter proof lens, perfect for snorkeling, jet skiing, or boating. Available with clear, smoked or mirrored lenses.

38. AQUA LUNG MASKS AND ACCESSORIES

Aqua Lung provides several unique mask styles including Tropez, Vera and Quartz 2 masks, all having excellent features. The Sphera mask offers ultra low volume and profile with a full silicone skirt. This mask must be seen to be appreciated!

18. WHITES HOODS

Wet or dry hoods, zippered or zipper-less, with 7 mm side panels and 3 mm skin in face and neck seals, available in sizes all sizes.

19. APEX DIVE HOSE

Apex hoses are available for high pressure or low pressure. If you need a new hose between your first and second stage, or a new dry suit inflation hose, come and see us and we will fix you up.

20. AQUA LUNG DIVE HOSE

Quality high and low pressure whips for regulators, dry suits and inflators for Aqua Lung manufactured products.

21. AQUA LUNG INSTRUMENTS

Aqua Lung makes a stand-alone electronic pressure gauge, with digital and analog gauges, built-in clock, backlight, and air time alarm. The Pivot Matrix is a full featured dive computer with a swivel console, 12 dive memory, and replaceable battery. Also available is the Pivot Data Pro 2 for basic analog pressure and depth readings.

22. OCEANIC DIVE INSTRUMENTS

Makers of the most innovative instruments in the industry, Oceanic invented the first air integrated dive computer 15 years ago. With the Oceanic Datamax Pro Plus, you have dive information at your command. This computer offers user settable display. This means that you decide what information is displayed on a primary display and a secondary display. Other features include diver activated alternate display systems, graphic diver interface for N2 and O2, variable ascent rate indicators, and audible alarm systems. The Datamax can also be quickly disconnected, allowing you to remove the console from your whip. Smaller consoles are also available.

23. SUUNTO INSTRUMENTS

The Suunto line includes the Cobra, offering O2, Nitrox and gauge instrumentation. The Cobra also features deco stop data, memory, 5000 psi compatibility, PC interface and safety count down. The Vyper offers the same features as the Cobra, as well as air integration, making it ideal for professional divers. The Suunto octopus 2 is an amazing wrist computer which features dive memory, multi step indicator, personal adjustment and calendar clock. Method Marine stocks all batteries and shields for Suunto instruments.

24. US DIVERS INSTRUMENTS

US Divers contribution to the Method Marine Dive Center is a pony bottle pressure gauge, a miniature yet accurate 400 psi pressure gauge designed to let you know the pressure of your backup air supply efficiently and reliably.

25. AQUA LUNG DIVE KNIVES

Aqua Lung knives are manufactured from the highest quality steel, either 304 or 420 stainless steel, and we stock many styles to choose from, with blunt or sharp tips, and small or large blades that are designed for prying or cutting. In our Dive Center we feature the Saber, with a 4.5" blade constructed of 420 stainless steel with a blunt tip, quick release sheath, and a blue or black handle.

26. DEEP SEE DIVE KNIVES

We stock the Micro Pro Series of Deep See's line of knives, available with blunt or pointed tip. The Micro Pro knife features a 3" blade made from 420 stainless steel, with a quick-release locking sheath that attaches directly to a BCD.

27. OPUS OCEAN KNIVES

Another excellent quality and affordable BCD knife is made by Opus Ocean. These small BC knives are an excellent addition to your dive gear, allowing you to carry a back-up knife without the bulk of a full size knife.

28. SEA QUEST DIVE KNIVES

The Sea Quest knives feature the EZ-Lock 3 3/4" blade with an overall length of 8", allowing for a generous grip. The revolutionary positive locking sheath system releases the knife with a simple hand motion. Features include serrated edges, lanyard holes, blunt tips and 420 stainless steel construction. The Black Jack Knife features 420 steel, and a locking handle with one hand sheath removal for cleaning.

29. KREPP DIVE KNIVES

The Krepp line of dive knives offer the perfect mix of ruggedness and affordability. We stock three knife styles to choose from.

30. SCUBA PRO KNIVES

Scuba Pro knives available are the K3 BCD knife, the K4, ideal for attaching to your arm or leg, the K5, with a 4 1/2" blade, and the 5 1/2" blade with a steel hammer on the handle.

31. OPUS DIVE LIGHTS

Opus makes a small 2-AA key-chain/mini dive light, and a 1-AA clear or yellow BCD light. One is a strobe bulb and the other is a constant bulb. These lights make it easier to keep track of your dive buddy or point of entry in clear or limited vision dive situations.

32. PRINCETON TEC DIVE LIGHTS

Princeton Tec lights are the ultimate for performance, reliability and durability in the dive market. Princeton Tec has a dive light for virtually any diving need or situation. From powered headlamps to handheld and rechargeable configurations, these lights are guaranteed to 2000 feet. Lifetime warranty.

33. SCUBA PRO DIVE LIGHTS

Scuba Pro makes three dive lights—the ever popular Power Light, convertible from handle to pistol grip, the Blue Light, lightweight with switch lock to prevent it from being turned off, and the Splash Light, with aluminum alloy construction, 600 ft. depth rating, SOS flasher, and multiple power settings from 30 to 100 watts.
