## Method Marine Supply Ltd. Catalogue

### About this catalogue

Due to overwhelming customer demand, we have created a comprehensive marine and industrial catalogue. We can also provide you with a series of customized catalogues which detail the full range of products available at Method Marine. The specific department catalogues available include: Industrial Lube and Oil, Marine Hardware, Marine Electronics, Clothing and Footwear, Dive Gear, Electrical, Industrial Hose and Fittings, Tools, Paint and Fibreglass, and Ship and Industrial Safety.

With competitive prices and free local delivery, we can help you save time, freight costs, and administrative expenses. We care about your business, and hope that these catalogues are of some assistance.

### How to use this catalogue

This catalogue represents a list of product lines that we stock rather than a complete listing of every item available within that line. This would be an enormous undertaking, better left to the manufacturers. A price list is included as a separate attachment which will give a good indication of the scope of what we carry in stock, along with list pricing. There are many lines and items which we can source in addition to those detailed in this catalogue. If you require additional information please call or fax us with your request. We would be happy to provide you with manufacturers' catalogues, custom quotations, and product information.

### About this catalogue-customer feedback

After looking into printing costs, and the associated constraints around volume printing, we decided that it would be more cost effective to design and print our own catalogues, using local contractors. This way we can continually update catalogues as required. If you have any comments or suggestions, please fax them to Alcuin Design at 725-2111 attn. Steve Bernard, or email us at

### METHOD MARINE SUPPLY LTD. COMPANY INFORMATION

**Mailing address** Box 219, 380 Main St. Tofino B.C. VOR 2Z0 Canada

**Phone Number** (250) 725-3251

**Fax Number** (250) 725-2111

### 21. STANDARD HX460S

This radio comes with a powerful Lithium-Ion rechargeable battery which doesn't need to be completely discharged before recharging. It features solid aluminum construction for superior toughness, and is completely submersible. Available with black or silver housing.

### 22. STANDARD H1260 INTREPID

The Intrepid is equipped with DSC emergency broadcast function. This radio is completely water-proof and features the tag calling system, tri scan function, and weather alert.

### 23. UNIDEN

Uniden offers a value priced line of VHF radios, ideal for recreational use.

### 24. ZERCOM

Zercom Marine is a new addition to the Method Marine electronics department. We stock their universal fish finder.

## STANDARD

We carry a great selection in this line of high quality marine electronics. Standard communication offers a 3 year warranty on their VHF radios, both hand held and base mounted. They also manufacture a quality marine constructed GPS global map.

### 18. STANDARD GX1250S

Horizon Eclipse+ features programmable scanning, weather alert, 10 weather positions, over-sized LCD, and direct one-button access to emergency channels. This radio comes with a 3 year waterproof warranty.

### 19. STANDARD HX350S

The Horizon HX350S is a waterproof handheld VHF radio which exceeds the JIS standards for waterproofing. With high impact case and large LCD display, this is one hot unit.

### 20. STANDARD CP150

The CP150 GPS chart plotter combines a 12 channel WAAS receiver with a chart plotter containing 500 waypoints and 30 reversible routes.

## Method Marine Electronics Lines

At Method Marine, we are committed to stocking a wide range of marine electronics. We stock 4 major brands of VHF radios: Icom, Standard, Uniden and Shakespeare. We also have hand-held GPS and base mount GPS units, with regular and global map units. Icom, Standard, Garmin and Lowrance are our GPS lines. Method Marine is now stocking 36 mile/4 kw marine radars made by Icom. We carry many accessories in our marine electronics department, where you'll find depth sounders, and marine stereos and speakers. Come and have a look!

**1. APELCO**

The Apelco line offers a variety of VHF radios, depth sounders, GPS and radar systems. This is a high quality line of marine electronics.

**2. AQUA PAC**

Aqua Pac makes marine quality dry packs for hand-held VHF radios, cameras, cell phones and wallets. Keep your important things dry while you are boating.

**3. GARMIN**

Garmin offers the marine community a line of GPS electronics that will suit any boater's needs. From compact hand-held units, very well suited for the hunter, to the full colour, DGPS ready, base mount units for the serious boater. Some GPS units include maps and additional features, and are value priced.

**4. HUMMINGBIRD**

Hummingbird offers a well priced line of depth sounders for the recreational boater. These well-made units will give you years of fun in the sun.

**15. MORAD**

The Morad line of VHF antennas is possibly the best available. The 156 HD is the most popular on the west coast, and features a variety of mounting options. These high quality units have more Db gain than similar length versions, due to the loaded base of the antenna.

**16. SEAWORTHY**

Seaworthy audio equipment is another line of marine stereos that we offer, with marine grade speakers and equipment at a very competitive price. This line offers AM/FM cassette players and AM/FM CD players.

**17. SHAKESPEARE**

The Shakespeare group consists of marine VHF radios, AM/FM and VHF antennas, antenna mounts, band separators, and splitters. We also carry a complete range of coax cable and connectors. and external VHF speakers and hailer speakers.

**11. JENSEN**

Jensen offers high quality marine stereo systems with water-proof speakers and water resistant CD players. These are high output stereos with 45W of power, and are well suited for the marine environment.

**12. POLY PLANER SPEAKERS**

This is a complete line of water-proof speakers. They are bracket mounted style, and are available in black or white, and in 100 watt or 200 watt per pair. These speakers feature low magnetic fields, making little impact on your vessel's operations.

**13. LOWRANCE**

Lowrance makes a well known line of marine navigational products, including economically priced sounders for the recreational user, as well as sophisticated DGPS ready GPS/sounder complete units for the demanding marine environment. Lowrance also offers a handheld GPS with maps and plotter that can be downloaded off the internet.

**14. MAXXIMA**

Maxxima Marine produces an inexpensive line of marine stereos and speakers. These units are not considered waterproof, but are ideal for dry areas in the boat.

# ICOM VHF RADIO

## ICOM

Icom is considered one of the leaders in marine communication and navigational electronics. They offer handheld and base mount VHF radios in the low, middle and high price range. Included in this top quality line are DGPS ready global maps and units complete with sounders and plotters. All Icom VHF radios can be programmed with expansion channels that are off the normal VHF frequencies.

**5. ICOM IC-MIV**

The IC-MIV is ultra compact and waterproof, with a powerful long lasting battery, and an optional speaker-microphone. An alphanumeric indicator allows for easy-to-read number descriptions. This is a submersible radio with a J15 rating of 7.

**6. ICOM IC-M45**

The M45 is Icom's entry level VHF base mount radio, featuring easy to use controls and water resistant construction. As with all Icom products, this unit can be programmed with expansion channels for more private communication.

**7. ICOM IC-502**

The IC-502 has a flush mount design, with water-proof construction. It includes a smart speaker and an optional connecting remote speaker. Easy-to-use dials and an emergency distress button allow for convenient and safe operation. This unit is also equipped with the DSC emergency function.

**8. ICOM FP-561**

The FP-561 has a 5.6" TFT colour LCD, 100W powerful dual frequency video sounder, built-in 12 channel GPS, Navionics electronic chart card, and a water resistant body.

**9. IC-M402**

The IC-M402 radio is equipped with the DSC emergency function in a smaller, more compact unit. This radio is water-proof, and carries a JIS rating of 7. All Icom radios can be programmed with private channels. This unit is equipped with multi-scan features and weather alert.

# ICOM VHF RADIOS

**10. MR-570 RADAR**

Icom makes this marine radar with the best marine construction available. This 36 mile/ 4 kw radar produces a crisp, clear picture, and features a 24" dome scanner, and easy-to-use screen with menu prompts.
